BERKSHIRE MARK

The Province of Berkshire was constituted in 1994 following the division of the former Province of Berkshire and Oxfordshire which was constituted in 1858, two years after the founding of Mark Grand Lodge in 1856.

The union of the two Craft Grand Lodges in 1813 'moved' the Mark Degree from being worked as part of Craft or Royal Arch Ceremonies and established its independence.

When numbers had grown sufficiently, this independence was cemented in 1856, by the formation of the Grand Lodge of Mark Master Masons whose sesqui-centenary was celebrated at the Royal Albert Hall in 2006.

This degree is the third largest in Masonry.

All Brethren are eligible to join the Mark Degree as soon as they become Master Masons in the Craft and there is no prerequisite to have attained the chair in the Craft before becoming a Worshipful Master in the Mark Degree. In fact, in this degree there is a very much fuller explanation of the role of Adoniram, which helps make some sense of his inclusion in the Craft ceremony.

This Mark Province of Berkshire has its own Benevolent Fund, the Berkshire Mark

Benevolent Association (BeMBA), which supports members and their families and prides itself on its rapid response to requests for help.

THE DEGREE EXPLAINED

The Mark Degree is one of hope and encouragement and the ritual is built upon a single verse of Psalm 118, "*The stone which the builders rejected has become the headstone of the corner*". It deals with the building of King Solomon's Temple and the various Craftsmen employed, but its real message is one of contemplation of human strength and weakness.

The Degree contains many messages for the discerning man and illustrates that the wisest of men can be mistaken, that the experts are often wrong, that the weakest can display greater perseverance than the strongest, that the insignificant has the potential for distinction and that we all have a part to play in the *Building of Life*. It is for each to put his own interpretation on the message which the Degree proclaims, but there is a firm statement that no man is beyond redemption and the possibility of distinction is always within our grasp.

Finally the Degree reminds us that when the wisest and cleverest of the builders

were gathered together only one exhibited the wisdom necessary to assume the mantle of leadership.

The degree represents the everyday life of each one of us, for the Stone hewn from the virgin rock depicts us all on our journey through life, and its final recognition as perfection should be the guide to our conduct through life so that we too *may finally be found worthy*.

This leaflet is published to draw your attention to the existence of the Mark Degree and to invite you to seriously consider taking '*the next regular step*'.

If you wish to know more about Mark Masonry please take a look on our website

www.berksmark.org.uk, speak to one of the Lodge Secretaries, the Provincial Secretary, or any member of the Provincial Executive whose names, telephone numbers and email addresses may be found on the back of this leaflet and in the Mark section of the Berkshire Year Book; any of them will be very pleased to help you.
